

Dear

**November 7-11, 2016** is the sixth annual statewide **BRING YOUR BOSS TO WORK WEEK**. I would like to take advantage of this opportunity to give you a hands-on glimpse of my world as an itinerant VI professional.

Being itinerant allows me to work with students in a wide variety of teams across the district and in home, school and community settings. Students with visual impairments are such a small population; you may have questions about the scope of my job, the type of instructional support I provide, and the impact of the VI program on student achievement.

I would like to invite you to come along with me and observe these students in action. Please consider a "ride-along" for as little as 2 hours, for half a day or whatever works with your schedule.

I look forward to sharing the successes of students with visual impairments supported by the VI program.

Bring Your Boss to Work Week is a statewide initiative co-sponsored by the Texas School for the Blind and Visually Impaired and the Texas Association for Education and Rehabilitation of the Blind and Visually Impaired.
